💼 Experience

SPIC

2026-May - Present

SAP / IT Support

Worked with SAP-based business processes and day-to-day operations.

Gained experience in enterprise software workflows and organizational processes.

Skylena Infotechnology

Jan -2026 - March-2026

Mern Stack Developer Internship

Worked on web application development using the MERN Stack.

Gained hands-on experience in React.js, Node.js, Express.js, and MongoDB.

Mindful AI

June -2025 - July -2025

Full Stack Developer Internship

Worked on full-stack web application development using React.js, Node.js, and MongoDB.

Developed and integrated frontend components, backend APIs, and database functionality.

👤 Skills

Frontend: HTML5, CSS3, JavaScript, React.js, Tailwind CSS

Backend: Node.js, Express.js

Database: MongoDB

Programming: JavaScript, Python

Tools: Git, GitHub, VS Code, Postman, Vercel, Render

AI-Assisted Development: AI Coding Tools, Prompt Engineering, AI-assisted debugging & development

Other: REST APIs, Responsive Web Design, CRUD Operations

Enterprise: SAP- SO, STO

Project

Furniture E-Commerce Website

Tech: Python, SQL, React.js, JavaScript

Developed a responsive furniture e-commerce website using React.js and JavaScript. Integrated Python backend with SQL database for product management and data handling.

ERP Management System

Role: Full Stack Developer

Tech: React.js, Node.js, Express.js, MongoDB

Developed an ERP system to manage business operations and streamline workflows. Built responsive UI, backend APIs, and database integration.

Airbnb-Style Booking Platform

Role: Full Stack Developer

Tech: React.js, Node.js, Express.js, MongoDB

Developed a property listing and booking platform inspired by Airbnb. Implemented user-friendly interfaces, backend APIs, and database functionality.

Wood Products Business Website

Tech: React.js, JavaScript, HTML, CSS

Developed a responsive website to showcase wood products with a clean and professional UI. Integrated WhatsApp enquiry functionality for direct customer communication and product enquiries.

DRC Church Website

Tech: React.js, JavaScript, HTML, CSS

Developed a responsive church website to showcase church activities, events, and information. Created a clean, user-friendly interface with easy navigation and responsive design.

Certification

Python Web Developer

Infosys Foundation Finishing School for Employability Program, ICT Academy — Grade A (2025)

Diploma in Full Stack Python Developer (DFPD)

Institution: CSC Computer Software College

Grade: A – Excellent

Course Period: Dec 2024 – Apr 2025

Research Publication

Automated Chatbot for Schools and Colleges Using Natural Language Processing — Published in IJMRSET, April 2024.
